DMS (Consumer) — Fair Collection Practices & Recovery Conduct Standard

Document ref: DMS-CON-FCP-07 | Version 3.2 | Effective 1 July 2026 | Owner: Head – DMS (Consumer), West Zone

Training sample. This document is synthetic and was written for the Bajaj Finance M365 Copilot training (DMS batch, Oct 2026). Clause numbers, thresholds and agency rules are illustrative, loosely modelled on fair-practice principles for lenders and recovery agents. Do not cite it as BFL policy or as RBI guidance.

1. Purpose and Scope

1.1 This Standard sets the minimum conduct rules for every person who contacts a customer about an overdue amount on a Consumer loan — Consumer Durable, Digital Product, Lifestyle Finance, Personal Loan (consumer) and Two-Wheeler.

1.2 It applies to in-house tele-collectors, field officers, and every empanelled collection agency and its agents.

2. Definitions

2.1 **DPD** — days past due on the oldest unpaid EMI. **Bucket X** — an account that bounced in the current month but is not yet 30 DPD.

2.2 **PTP** — a promise to pay a stated amount on a stated date. A **broken PTP** is a PTP date that passes without the promised amount being received.

2.3 **DRA-certified agent** — an agent who holds a valid Debt Recovery Agent certificate from the Indian Institute of Banking & Finance.

3. Contact Hours and Frequency

3.1 Customers may be called or visited only between **08:00 and 19:00**, local time. This applies to every channel, including agency calls.

3.2 No more than **three** call attempts per customer per day, across all callers.

3.3 No contact on a day the customer has reported a bereavement or a medical emergency in the family.

4. Agent Conduct and Identity

4.1 Field agents must carry a photo ID and a BFL authorisation letter naming the agency, and show both before discussing the account.

4.2 Threats, abusive language, public embarrassment or contact intended to shame the customer are prohibited.

4.3 The overdue amount may not be disclosed to any third party other than the references registered on the loan.

4.4 Every collection call is recorded and every contact is logged in the DMS CRM on the **same working day**.

5. Collection Agency Governance

5.1 **100% of agents** assigned to BFL accounts must be DRA-certified. An uncertified agent may not be allocated accounts.

5.2 Each agency is audited every quarter. Audit score **80 or above**: Satisfactory. **70–79**: Improvement Plan, closed within 30 days. **Below 70**: allocation suspended until a re-audit is passed.

5.3 More than **5 customer complaints per 1,000 allocated accounts** in a month triggers a show-cause notice and a review of the agency's allocation.

5.4 Any contact outside the hours in clause 3.1 is reported by the agency to Head – Agency Management within **2 working days**, with the call recording.

6. Promise-to-Pay and Payments

6.1 Every PTP is confirmed to the customer by SMS within **24 hours**, stating the amount and date agreed.

6.2 Payments are accepted only through a BFL payment link, UPI collect request, NACH re-presentation or a BFL branch. Cash collected in the field requires an instant system-generated receipt.

6.3 A broken PTP is escalated to a senior collector within **24 hours** of the missed date.

7. Disputed Accounts

7.1 When a customer raises a dispute — for example, a product returned to the dealer, a foreclosure not reflected, or a NACH mandate already cancelled — the account is referred to the Dispute Desk and **field contact is put on hold** until the dispute is closed.

7.2 The Dispute Desk closes a dispute within **15 working days**, and confirms the outcome to the customer in writing.

8. Grievance Redressal

8.1 A customer complaint about collection conduct is acknowledged within **2 working days**.

8.2 It is resolved, with a written reply, within **30 days**. Complaints involving an agency are copied to Head – Agency Management.

9. Settlements

9.1 A one-time settlement is offered only in line with the settlement authority matrix and is never committed verbally by an agency agent.

10. Reporting

10.1 A monthly Conduct MIS covering contact-hour exceptions, complaints, certification status and audit results is submitted to Head – DMS (Consumer) by the **7th** of the following month.

10.2 Monthly conduct complaints above **15** for the zone are reported to the Zonal Business Head with a remediation plan.
